### *Technical parameters*

Built-in speaker: 8" woofer, 1" tweeter

Rated power: 60W

Maximum power: 80W

Constant voltage output power: 15-30-60W (adjustable);

Frequency response: 65-20kHz ( $\pm 3$ dB)

Sensitivity: 98dB (1W/1M)

Maximum sound pressure level: 106dB (Continuous)

Standard impedance: 8 $\Omega$

Radiation angle: 130°

Wiring method: 1×Linking post

Appearance color: white Installation

Hole size:  $\Phi 240$ mm

Product size:  $\Phi 270 \times 185$ mm

Total weight: 2.92kg
